

TRAN VO NGOC TRUONG

IT SUPPORT / SOFTWARE ENGINEER INTERN

Dong Nai, Vietnam

☎ (+84) 332 210 729 | ✉ truongtn24@gmail.com | 📱 truongtn24 | 🌐 tranvongoctruong4

Summary

- Final-year Information Technology student with basic knowledge in **Computer Networking, Operating Systems (Windows/Linux)**, and hardware/network troubleshooting.
- Experienced in classroom IT support, device maintenance, and developing network diagnostics CLI tools with **Golang**.

Education

University of Transport Ho Chi Minh City

INFORMATION TECHNOLOGY

Ho Chi Minh City, Vietnam

2022 - Dec 2026

- GPA: 3.32/4.0
- TOEIC: 725

Experience

University of Transport Ho Chi Minh City

CLASSROOM TECHNICAL COLLABORATOR INTERN

Ho Chi Minh City, Vietnam

Mar 2025 – Jun 2025

- Provided technical support for classroom equipment: projectors, display cables (HDMI/VGA/Type-C), microphones, audio systems, and computer/laptop networks.
- Performed weekly scheduled inspections and preventive maintenance on classroom devices.
- Coordinated with university specialists to dispatch equipment for warranty repairs when deep-level hardware issues arose.
- Independently managed the duty room and resolved issues with minimal supervision.

Projects

BACKENDSHOP_GO – E-COMMERCE BACKEND SERVICE

2025

- Built a RESTful backend API for an e-commerce platform using **Golang (Gin framework)** with **PostgreSQL** and **Redis**.
- Implemented user authentication with **PASETO/JWT** tokens, session management, and role-based access control.
- Used **SQLC** for type-safe SQL queries and **golang-migrate** for database schema versioning.
- Containerized the application with **Docker** and set up CI/CD pipeline using **GitHub Actions**.

NETINFO – CROSS-PLATFORM NETWORK DIAGNOSTICS CLI TOOL

2025

- Developed a terminal-based network diagnostics tool for **Windows** and **Linux** using **Golang**.
- Implemented real-time inspection for network interfaces, IP addresses (IPv4/IPv6, Public IP), DNS configurations, and default gateways.
- Built monitoring features for active TCP/UDP connections, listening ports, process grouping, and routing table analysis.
- Integrated interactive connectivity testing and host ping diagnostics to facilitate rapid network troubleshooting.

Skills

- **Operating Systems & Scripting:** Linux (Ubuntu), Windows, Golang, PowerShell.
- **Networking & Troubleshooting:** TCP/IP, DNS, DHCP, Routing.
- **Tools & Administration:** Docker, Git, GitHub Actions, Postman, Hardware & Network Maintenance, Antigravity.
- **Databases:** PostgreSQL, Redis.
